2021 Scope of Services

SECTION A – GOALS AND OBJECTIVES

Program Goals

The DFSS mentoring program seeks to ensure that at-risk youth who live in communities that have experienced high rates of gun violence and homicides receive the support they need to remain in and graduate from high school and engage in pro- social behavior. The mentoring program will provide high quality mentoring to youth in grades 6th through 12th in 36 communities throughout the City of Chicago.

DFSS mentoring consist of programs that are curriculum-driven, trauma-focused and/or include a conflict-resolution lens and employ a cohort approach that consists of 12-15 youth. The program must minimally operate throughout the school year with the option of twelve-month programming. Recruitment will focus on youth who are academically off track, have low school attendance, have 1-3 in school disciplinary infractions, limited police involvement (less than three arrests) and/or heightened exposure to violence.

Target Population

Delegate agencies will recruit youth who are determined to be at-risk because of one or more of the following factors:

- deemed academically off track according to CPS;
- have low school attendance (missed more than 40% of the academic year);
- have 1-3 in-school disciplinary infractions;
- have limited police involvement (less than three arrests) and; have heightened exposure to violence/trauma based on their residency in community areas that have experienced high rates of gun violence and homicides

Youth mentoring program youth must reside in or attend neighborhood elementary and high schools within the 36 targeted communities in the City of Chicago and be currently enrolled in the 6th through 12th grades. Priority will be given to youth who currently attend a rated level 2 or 3 and/or Option neighborhood elementary and High Schools according to the Chicago Public School Quality Rating Policy (SQRP).
